

POLICY AREA	Dementia License Policies
TITLE OF POLICY	3.07 ALDC Medication Management
STATUE/RULE REFERENCE (if any)	144G.82 Subd. 3 (4)
EFFECTIVE/REVISED DATE	08/01/2021

POLICY: As an Assisted Living with Dementia Care licensed facility, Heritage of Edina provides medication management for residents with Alzheimer’s disease or other dementias.

PROCEDURE:

1. Medication management for residents with Alzheimer’s disease or other dementias follows Heritage of Edina standard medication management policies.
2. In addition, for residents with Alzheimer’s disease or other dementias, Heritage of Edina includes, as part of the medication assessment, a focus on psychotropic medications and potential nonpharmacological plans if psychotropic medications are not beneficial, necessary, appropriate, or indicated.
3. Bluestone Physician will see residents monthly to assess medications/needs and appropriateness of meds.
4. Behavioral Health Intervention (BHI) will routinely assess resident and update behavioral plan/interventions.
5. Behavior plan for each resident will be available to HHAs in a designated binder at their work stations.
